Rocky Mountain Outdoor Park Furnishings

Open your door to the world of Rocky Mountain Outdoor Furnishings sleek and durable site furnishings! Our products are built to last with robust materials that you can depend on – aluminum, heavy duty recycled plastic slats and premium finishing details to compliment our economical and reliable brand.

BIKE RACKS & PARK BENCHES

Our Wave Bike Racks are manufactured out of 2 3/8" OD schedule 40 6061 aluminum pipe, and powder coated. Unlike other bike stands, our Wave Bike Stands will never rust, even after years of use. Available in surface or in-ground mount with configurations of 3, 5, 7, 9, 11 bike capacities.

Our Park Benches made from 2"x 2" x .125" aluminum tubing. The aluminum frames are available unfinished or finished with an electrostatically applied, polyester powder coating. Black is our standard finish, but many other color options are available upon request. Arm rests are optional.

PICNIC TABLES, LITTER CANS & PLANTERS

Rocky Mountain Picnic Tables are made from 2"x 2" x .125" aluminum tubing. By design, they are accessible on each end. The aluminum frames are available unfinished or finished with an electrostatically applied, polyester powder coating.

Our Litter Cans have a 128-liter capacity. The frame is made from CNC, cut and rolled aluminum plate. The mounting posts are constructed out of 2-3/8" structural aluminum round tubing. Surface and in-ground mounting options are available.

Our Planters are designed to provide the utmost in convenience, strength and looks. Constructed the same as the Litter Can, it also has a self-watering option.
