

Letter of Recommendation

October 5th, 2023

RE: Northland Recreation Supply

I am delighted to recommend to you the exemplary services of Northland Recreation Supply. From their exceptional playground design abilities, friendly and efficient service, outstanding project management, and detailed installation services, you will find that compared to other playground providers in the market, the quality of services and pricing is among the best in the province.

In my three years of working with Northland Recreation Supply while at Makwa Sahgaiehcan First Nation School the company successfully installed \$1,122,867.00 of playground equipment that included full installation and rubber pour-in-place surfacing.

Northland's distinctive and comprehensive playground designs, I believe, are largely responsible for the dramatic increase in the community's revitalization and enhancing the youth's activity.

I strongly recommend Northland Recreation Supply for all your playground, site furnishing and installation needs.

Best regards,

Jon Kemp

Principal
